## **Our Vision**

To Be The Leading Electrical Engineering Service Company in Africa.

## **Our Mission**

To Be The Bedrock of The Power Industry In Africa Through The Provision of Professional Electrical and Mechanical Services.

## **Our Core Business**

-  Designing and Manufacturing of Top Quality Switchgears and Motor Control Panels
  
-  Transformer Sales & Power Sub-Stations Installations
  
-  Building Services (Electrical & Mechanical)
  
-  Street Lighting Projects

## Our Background

The urgent need for the provision of a sustainable Power Supply in our emerging Economy propelled the establishment of **Todays Technology**. A Company with a passion to deliver a good Electrical Engineering service for the Power Industry, which is the bedrock of any stable economy.

The company was established and registered in 2008 as **Todays Technology** now **Today's Technology (Nig) Ltd (TTL) RC 1048230**.

We at TTL are the leader in the manufacturing of customized Electrical Panels in Nigeria. We cater for the Electrical Panel's need of various industries in Nigeria and beyond. We manufacture top quality performance tested and certified Panels that provide high integrity, reliability in product performance and service, safety and ease in operations and installation that meet International Standards. We are a professionally managed Power Company and our services include installation of 11 KV substations, Rural and Urban Electrification, Street Lighting Projects.

We also sell best quality Transformers. Our electrical panels are designed by highly qualified team of engineers who utilize their vast experience to provide unique cabling structures and perfect layout in our Panel Designs.

## Our Switchgears

*TTL*'s switchgears are top quality products carefully designed and manufactured from our factory to favorably compete in the global market.

*TTL*'s Panels remain the only Electrical Panels that are capable of delivering a sustainable Electrical Power at this present state of our economy.

Our products are unique in Fabrication, Painting, Cabling Structures with Selective Choice of Cables and Breakers. The Breakers, Cables and Accessories are guaranteed to serve our numerous clients for a lasting period.

### **Our Products are as follows:**

1. Direct Online Starter, Star Delta Starters
2. Motor Control Centers
3. Lighting Kiosks
4. Feeder Pillars
5. Water Treatment Panels
6. Automatic Mains Failure Panels
7. Manual Change-Over Panels
8. Gear Switches
9. Synchronizing Panels
10. Power factor correction Panels
11. Busbar rising Mains.

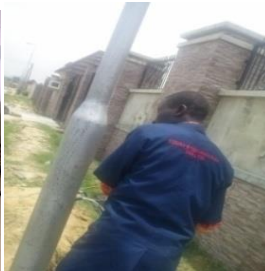

Other client's specifications.

400A Sierra Leone, West Africa    2500A, Synchronizing Banex Mall    1600A AMF, UAC, Lagos.

### Our Services

**Transformers**  
FIRS PHC

**100KVA STABILIZER**  
VGC, LAGOS

**Street Lightings**  
Lekki

**Building Services**  
16nos 4BR Duplexes

*TTL...An experience that gladdens your heart*

## COMPLETED PROJECTS:

INSTALLATIONS OF 16 UNITS OF 4BED ROOM DUPLEXES AT PRAISE VILLE OGUDU LAGOS .

INSTALLATIONS OF 4UNITS OF 4BED ROOM DUPLEXES AT AJAH LAGOS .

INSTALLATIONS OF SREET LIGHTING PROJECT AT ROAD A69 LEKKI LAGOS .

INSTALLATIONS OF STREET LIGHTING PROJECT AT ODONGOYAN IKORODU LAGOS .

- 1.Site layout with theodolite machine
- 2.kitted Engineers arriving at site.
- 3.Electrically Installed unit among the Flats
- 4.Blocks of flats at a view

## Other Services

**TTL** Provides a Professional Electrical Installation Services for

- 🔌 Industrial, Residential & Building installation services,
- 🔌 Rural Electrification, Estates, Blocks of flats, High Rise Building
- 🔌 Street lighting projects,
- 🔌 CCTV Surveillance System
- 🔌 Telephony & Public Address system,
- 🔌 Security systems,
- 🔌 Transformer and Generator sales.

*TTL...An experience that gladdens your heart*

We are known for fast delivery services irrespective of the complexity of the Projects.

We handle sales and installation of transformers, likewise, sales of electrical materials like, Breakers, cables, fittings and other accessories.

### **Our People**

Our management is well experienced in the Electrical Engineering field to deliver excellent services that will satisfy our numerous clients.

Our members of staff are seasoned professionals, who are well grounded in the basic principles of electrical design/installation, manufacturing, and commissioning. The management and staff of *TTL* are regularly exposed to workshops and seminars that keep the organization abreast of the latest technological innovations in the Electrical Industry. This has given us a clear edge over the long established Electrical Companies.

### **Our Manpower**

**Engr. Adeyemi Ayodeji Adeleke (MNATE,MNIEEE)– MD/CEO**

*TTL...An experience that gladdens your heart*

Adeyemi is a seasoned, dynamic and highly motivated engineer with exceptional skills and passion for excellence in service delivery. His close to two decades of experience as an HND holder from the Federal Polytechnic Ado Ekiti has made him one of the leading providers of quality electrical services in Nigeria and West Africa. **Adeyemi** has acquired so much knowledge, trainings and exposures through various Electrical Engineering firms like Mane Limited, Toptech Engineering and Busitech Engineering where he honed his skills in Project designs and implementations, Electrical Panels assembly, Data centre, maintenance and Renewable energy solution systems.

His passion for quality Engineering solutions and excellent service delivery birthed the establishment of Today's Technology in 2008 and since then the company has been one of the leading contributors in power and building service industry both in Nigeria and West Africa.

**Adeyemi** is a member of Nigeria Institute of Electrical Electronics Engineering (NIEEE) where he was recently recognized with an **Award of Resilience** for his *undeniable positive impacts in the Lagos chapter of the body. He is also a corporate member of NATE a subsidiary of COREN.*

**Adeyemi** has attended several professional courses, Exhibitions and industrial visits to different establishments.

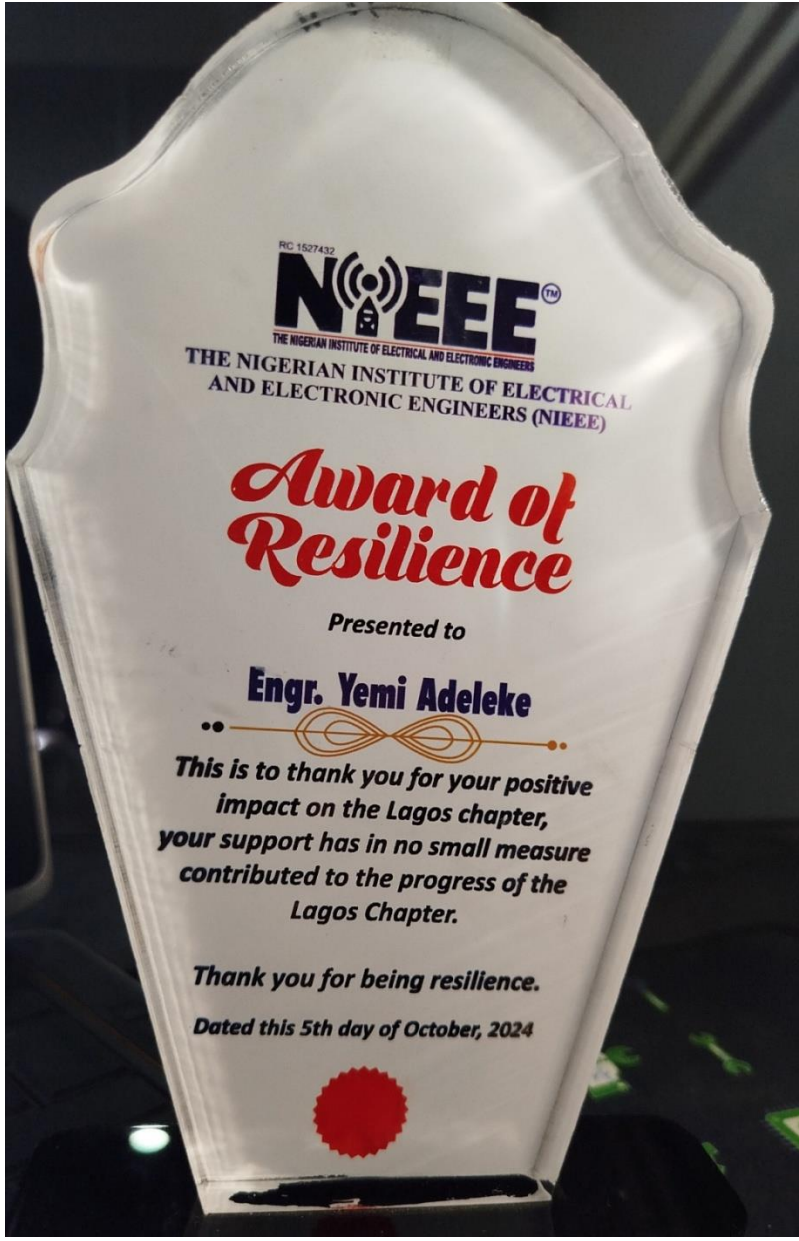

He is also an alumnus of Fate Foundation, an NGO Business School committed to training Nigerian Entrepreneurs .Also an alumnus School of Eloquence where his communication skills and public speaking was earned.

His vast experience in Electrical Building Industry, Electrical Panel Industry coupled with his innovative and exceptional entrepreneurial skills enhanced him in the discharge of his duty as the Managing Director of Today's Technology (Nig) Ltd.

*TTL...An experience that gladdens your heart*

As hobby, Adeyemi is addicted to readings, loves driving, football, adventures and meeting people.

Adeyemi is happily married to Esther Adeleke and they are blessed with children.

**Other members of management team.**

S/	NAME	POSITION	BACKGROUND	Responsibility
----	------	----------	------------	----------------
